Village of Milford Center, Ohio
Union County
Notes to the Financial Statements
For the Year Ended December 31, 2021

Note 1 – Reporting Entity

The Village of Milford Center (the Village), Union County, is a body politic and corporate established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. A publicly-elected six-member Council directs the Village. The Village provides water utilities and park operations. The Village contracts with the City of Marysville to provide sewer utilities.

The Village’s management believes these financial statements present all activities for which the Village is financially accountable.

Note 2 – Summary of Significant Accounting Policies

Basis of Presentation

The Village’s financial statements consist of a combined statement of receipts, disbursements and changes in fund balances (regulatory cash basis) for all governmental fund types, and a combined statement of receipts, disbursements and changes in fund balances (regulatory cash basis) for all proprietary fund types and a combined statement of additions, deductions and changes in fund balances (regulatory cash basis) all fiduciary fund types which are all organized on a fund type basis.

Fund Accounting

The Village uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the Village are presented below:

General Fund The general fund accounts for and reports all financial resources not accounted for and reported in another fund. The general fund balance is available to the Village for any purpose provided it is expended or transferred according to the general laws of Ohio.

Special Revenue Funds These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Village had the following significant Special Revenue Funds:

Street Construction Maintenance and Repair The street construction maintenance and repair fund accounts for and reports that portion of the State gasoline tax and motor vehicle license registration fees restricted for construction, maintenance, and repair of streets within the Village.

State Highway The state highway fund accounts for and reports that portion of the State gasoline tax and motor vehicle license registration fees restricted for construction, maintenance, and repair of state highways within the Village.

Parks and Recreation The park and recreation fund accounts for and reports donations and general fund transfers that are committed to fund operations of the park.

Enterprise Funds These funds account for operations that are similar to private business enterprises, where management intends to recover the significant costs of providing certain goods or services through user charges. The Village had the following significant Enterprise Funds:

Union County

For the Year Ended December 31, 2021

Water Fund The water fund accounts for the provision of water treatment and distribution to the residents and commercial users located within the Village.

Sewer Fund The sewer operating fund accounts for the collection of sewer payments that are passed through to the City of Marysville.

Fiduciary Funds Fiduciary funds include private purpose trust funds and agency funds. Trust funds account for assets held under a trust agreement for individuals, private organizations, or other governments which are not available to support the Village's own programs.

Agency funds are purely custodial in nature and are used to hold resources for individuals, organizations or other governments. The Village disburses these funds as directed by the individual, organization or other government. The Village's agency fund accounts for deposits received from residents when water service is established. The deposits will be returned when water service is terminated.

Basis of Accounting

These financial statements follow the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (D). This basis is similar to the cash receipts and disbursements accounting basis. The Board recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (D) permit.

Budgetary Process

The Ohio Revised Code requires that each fund (except certain custodial funds) be budgeted annually.

Appropriations Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control and appropriations may not exceed estimated resources. The Village Council must annually approve appropriation measures and subsequent amendments. Unencumbered appropriations lapse at year end.

Estimated Resources Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must approve estimated resources.

Encumbrances The Ohio Revised Code requires the Village to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated. Management has included audit adjustments in the accompanying budgetary presentations for material items that should have been encumbered.

A summary of 2021 budgetary activity appears in Note 3.

Union County

For the Year Ended December 31, 2021

Deposits and Investments

The Village's accounting basis includes investments as assets. This basis does not record disbursements for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

Money market mutual funds are recorded at share values the mutual funds report. Investment in STAR Ohio is measured at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value.

Capital Assets

The Village records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Village must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

Nonspendable The Village classifies assets as *nonspendable* when legally or contractually required to maintain the amounts intact. For regulatory purposes nonspendable fund balance includes unclaimed monies that are required to be held for five years before they may be utilized by the Village and the nonexpendable portion of the corpus in permanent funds.

Restricted Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

Committed Council can *commit* amounts via formal action (resolution). The Village must adhere to these commitments unless the Council amends the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

Assigned Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*. For regulatory purposes, assigned fund balance in the general fund is limited to encumbrances outstanding at year end.

Unassigned Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Village applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

For regulatory purposes, limited disclosure related to fund balance is included in Note 11.

Total	\$734,178	\$503,233	\$230,945

Note 4 – Deposits and Investments

To improve cash management, cash received by the Village is pooled. Monies for all funds are maintained in this pool. The Ohio Revised Code prescribes allowable deposits and investments. A summary of the Village’s deposit and investment accounts are as follows:

	2021
Cash Management Pool:	
Demand deposits	\$1,187,029
Total deposits	1,187,029
STAR Ohio	50,968
Total investments	50,968
Total carrying amount of deposits and investments held in the Pool (ties to FS)	1,237,996

The Village does not use a separate payroll clearing account. The expenditures included in the accompanying financial statement reflect net payroll plus all remitted payroll withholdings. At December 31, 2021, the village is holding \$2,957.01 in unremitted employee payroll withholdings.

Deposits

Deposits are insured by the Federal Deposit Insurance Corporation; or collateralized through the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

Village of Milford Center, Ohio

Notes to the Financial Statements
For the Year Ended December 31, 2021

Investments

Investments in STAR Ohio and mutual funds are not evidenced by securities that exist in physical or book-entry form.

Note 5 – Taxes

Property Taxes

Real property taxes become a lien on January 1 preceding the October 1 date for which the Council adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable non-business, owner occupancy, and homestead exemption credits and/or homestead and rollback deductions. The financial statements include these credits and/or deduction amounts the State pays as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the Village.

The County is responsible for assessing property and for billing, collecting, and distributing all property taxes on behalf of the Village.

Income Taxes

The Village levies a municipal income tax of 1 percent on substantially all earned income arising from employment, residency, or business activities within the Village as well as certain income of residents earned outside of the Village.

Employers within the Village withhold income tax on employee compensation and remit the tax to the Regional Income Tax Agency (RITA) either monthly or quarterly, as required. Corporations and other individual taxpayers pay estimated taxes quarterly and file a declaration annually.

Note 6 – Risk Management

Workers' Compensation

Workers' Compensation coverage is provided by the State of Ohio. The Village pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

Commercial Insurance

The Village has obtained commercial insurance for the following risks:

- Comprehensive property and general liability;
- Vehicles; and
- Errors and omissions.

Village of Milford Center, Ohio
Union County

For the Year Ended December 31, 2021

Note 7 – Defined Benefit Pension Plans

Ohio Public Employees Retirement System

Some Village employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan’s benefits, which include postretirement health care and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. OPERS members contributed 10 percent of their gross salaries, and the Village contributed an amount equaling 14 percent of participants’ gross salaries. The Village has paid all contributions required through December 31, 2021.

Social Security

Several Village employees contributed to Social Security. This plan provides retirement benefits, including survivor and disability benefits to participants.

Employees contributed 6.2 percent of their gross salaries. The Village contributed an amount equal to 6.2 percent of participants’ gross salaries. The Village has paid all contributions required through December 31, 2021.

Note 8 – Postemployment Benefits

OPERS offers cost-sharing, multiple-employer defined benefit postemployment plans, which include multiple health care plans including medical coverage, prescription drug coverage, deposits to a Health Reimbursement Arrangement, and Medicare Part B premium reimbursements, to qualifying benefit recipients. The portion of employer contributions allocated to health care for OPERS members in the Traditional Pension Plan and Combined Plan was 0 percent during calendar year 2021. The portion of employer contributions allocated to health care for OPERS members in the Member Directed Plan was 4.0 percent during calendar year 2021.

Note 9 – Debt

Debt outstanding at December 31, 2021, was as follows:

	<u>Principal</u>	<u>Interest Rate</u>
1993 USDA Mortgage Revenue Bonds - Wastewater System	\$386,550	5.25%
OWDA #3751 Water Tower	\$95,501	4.84%
OWDA #5728 Waterline Replacement	\$291,055	2.00%
OPWC Water System Improvements	104,498	0%
Total	<u>\$877,603</u>	

The Village used Mortgage Revenue Bonds in July of 1993 for \$729,000. The bonds were for the installation of sewer lines that were mandated by the United States Environmental Protection Agency. The Village will repay the bonds in annual installments for 40 years (last payment 2033). Property and revenue of the utility facility have been pledged to repay this debt.

Village of Milford Center, Ohio
Union County
Notes to the Financial Statements

The Village received a loan from Ohio Water Development Authority (OWDA) for \$233,393 in July of 2003. The loan was to pay for half of the costs of a new water tower for the Village. The Village will repay the loan in semiannual installments of \$8,123.64, including interest, over 24 years.

The Village received a loan from Ohio Water Development Authority (OWDA) for \$398,492 in October of 2010. The loan was to pay for waterline replacements within the Village. The Village will repay the loan in semiannual installments of \$8,935.46, including interest, over 30 years.

The Village received a loan from Ohio Public Works Commission (OPWC) for \$149,282 in August of 2010. The loan was to pay for water system improvements at the Village. The Village will repay the loan in semiannual installments of \$2,488.03, including interest, over 30 years.

Amortization

Amortization of the above debt, including interest, is scheduled as follows:

Year Ending December 31:	Mortgage Revenue Bond	OWDA 3751	OWDA 5728	OPWC Loan

Total	<u>\$531,145</u>	<u>\$110,567</u>	<u>\$354,562</u>	<u>\$102,009</u>

Note 10 – Contingent Liabilities

Amounts grantor agencies pay to the Village are subject to audit and adjustment by the grantor, principally the federal government. The grantor may require refunding any disallowed costs. Management cannot presently determine amounts grantors may disallow. However, based on prior experience, management believes any refunds would be immaterial.

Note 11 – Fund Balances

Included in fund balance are amounts the Village cannot spend, including the balance of unclaimed monies which cannot be spent for five years and the unexpendable corpus of the permanent funds. Encumbrances are commitments related to unperformed contracts for goods or services. Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At year end the balances of these amounts were as follows:

Village of Milford Center, Ohio
Union County
Notes to the Financial Statements
For the Year Ended December 31, 2021

Fund Balances	General	Special Revenue	Enterprise Funds	Total
Nonspendable:				\$0
Unclaimed Monies				0
Corpus				0
Outstanding Encumbrances	2,984	198	16,261	19,444
<i>Total</i>	<u>\$2,984</u>	<u>\$198</u>	<u>\$16,261</u>	<u>\$19,444</u>

The fund balance of special revenue funds is either restricted or committed. The fund balance of debt service funds and capital projects fund are restricted committed or assigned. The fund balance of permanent funds that is not part of the nonspendable corpus is either restricted or committed. These restricted, committed and assigned amounts in the special revenue, debt service, capital projects and permanent funds would include the outstanding encumbrances. In the general fund, outstanding encumbrances are considered assigned.

Note 12 – COVID-19

The United States and the State of Ohio declared a state of emergency in March of 2020 due to the COVID-19 pandemic. Ohio’s state of emergency ended in June, 2021 while the national state of emergency continues. During 2021, the Village received COVID-19 funding. The financial impact of COVID-19 and the continuing emergency measures will impact subsequent periods of the Village. The impact on the Village’s future operating costs, revenues, and additional recovery from emergency funding, either federal or state, cannot be estimated. The Village’s investment portfolio fluctuates with market conditions, and due to market volatility, the amount of gains or losses that will be realized in subsequent periods, if any, cannot be determined.
